Re: T-bridge Pedestrian Improvements in Cherokee County  
Montgomery Road (S-11-130) and Granard Street (R-5372, R-5373)  
SC File No. 1191632

Dear Mr. Taylor:

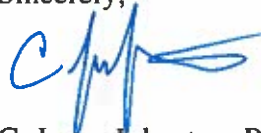

The South Carolina Department of Transportation (SCDOT) recently awarded a contract to Reeves Construction Company for pedestrian improvements to the T-bridge in Cherokee County.

The planned date to start construction is November 21, 2022; however, this could change depending on any issues that may arise during the development of this project. The estimated date of completion is November 30, 2023.

Due to the relatively low traffic volume, and in order to minimize the impact to property owners in the area, the road will be closed at the bridge site during the project and traffic detoured. The detour route will utilize Buford Street (S-11-171), Limestone Street (SC 150) and Rutledge Avenue (S-11-89). The net detour length is approximately 0.01 miles. A map showing the detour is enclosed for your convenience.

If you have any questions, you may contact Marc Mathis, Resident Construction Engineer, at (864) 489-5760. If I may be of service to you, please contact me at (803) 377-4155.

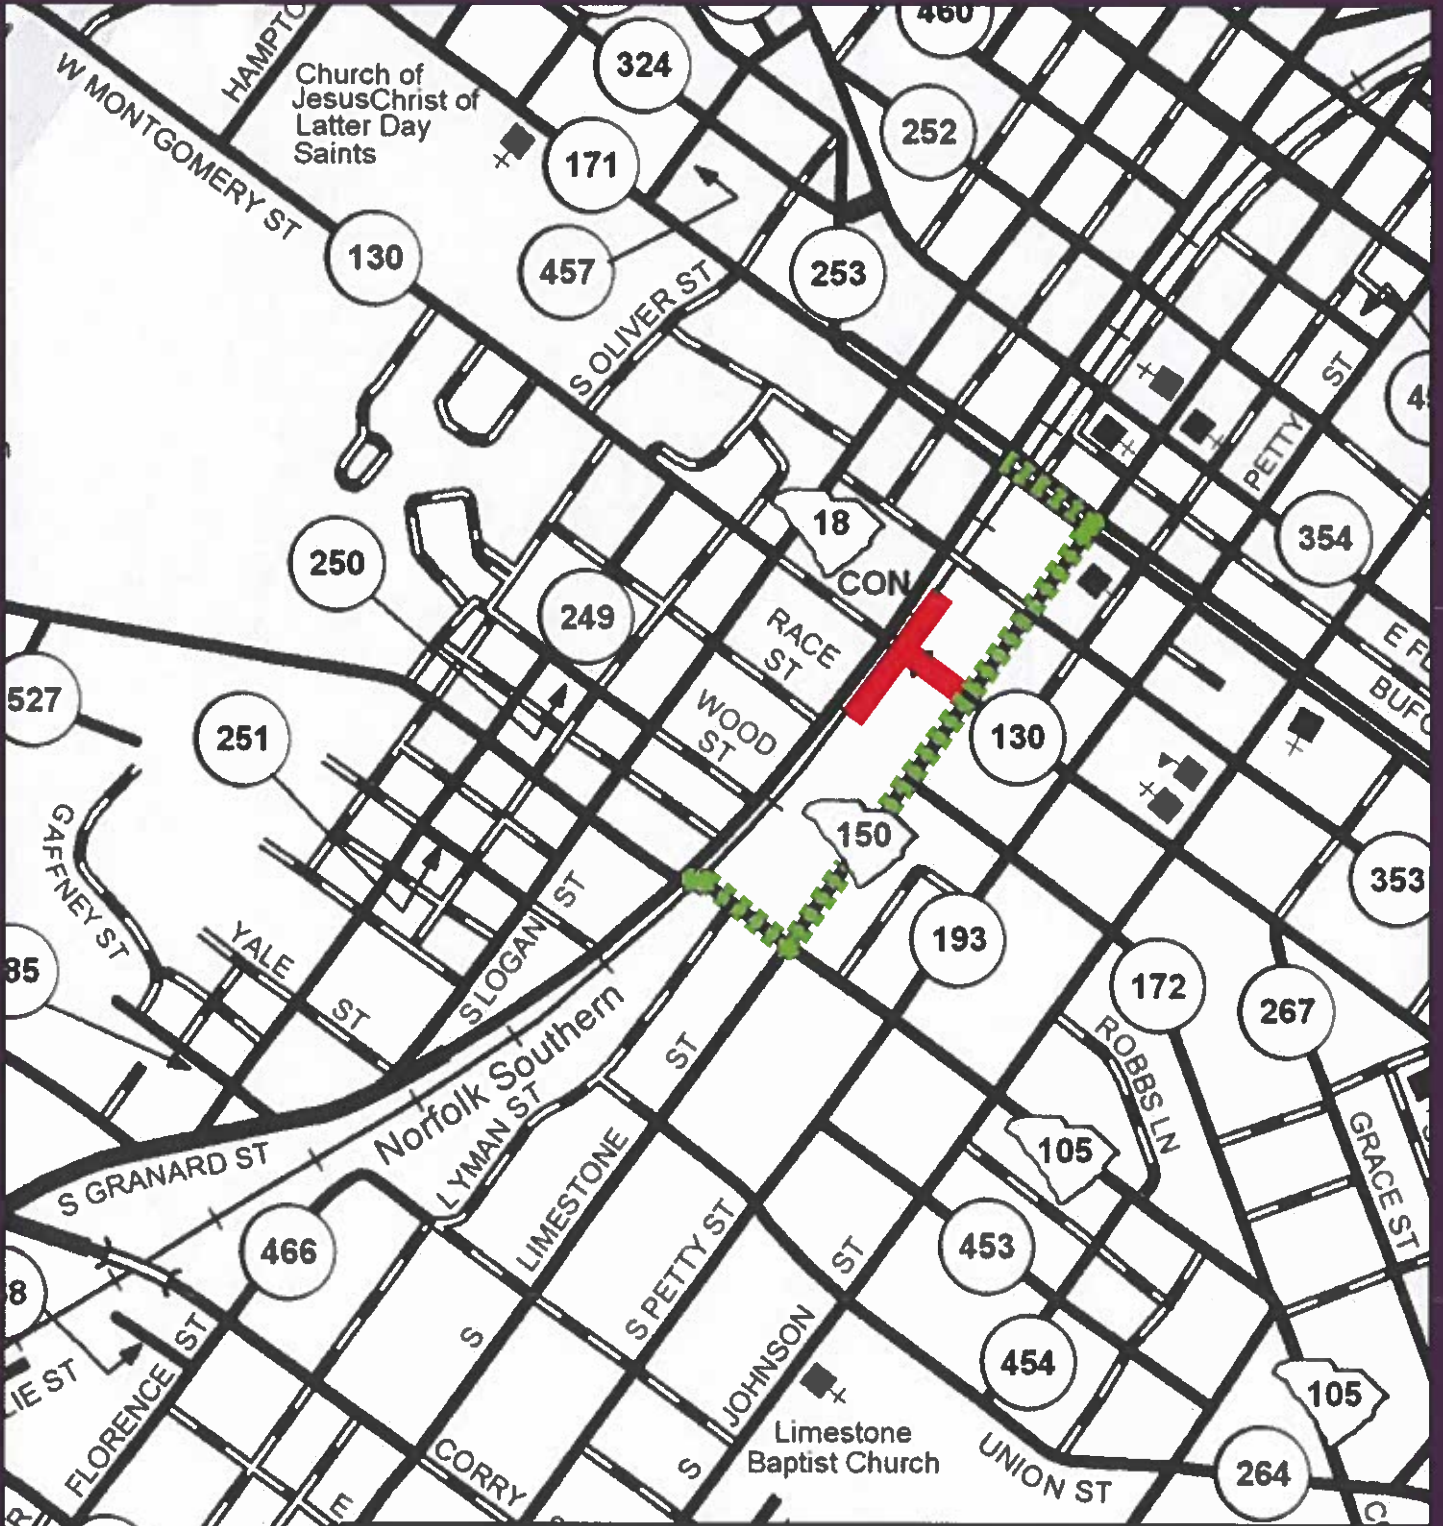

Sincerely,

C. Jason Johnston, P.E.  
District Four Engineering Administrator
